

Size Guide - Men

1) Neck: Place the tape measure around the neck. The neckline corresponds to the neckline of the shirts.

2) Chest: Place the meter around the chest horizontally at the highest level.

3) Waist: Place the meter around the waist well horizontally at the thinnest spot. The waist is half of your pants size. (ex: 88cm waist = 44 pants size)

The meter should be pressed against the body without tightening it.

* Size chart as a guide allowing you to choose the best size for our pea coats, duffle-coats, coats, jackets.

Table measurements mens (cm) *			
Chest	Waist	Size to order *	Ready to wear (suits)
De 88 à 92	36	40	44
De 92 à 96	38	42	46
De 96 à 100	40	44	48
De 100 à 104	42	46	50
De 104 à 108	44	48	52
De 108 à 112	46	50	54
De 112 à 116	48	52	56
De 116 à 122	50	54	58
